SUGAR

The Federal Reporter for March 24th says of the sugar market: SUGAR.—Our market has continued firm, on the basis of 3.00c. cost and ireight, for Cubas, for March-April shipment, On Thursday Messrs, W. J. McCahan Sugar Refining Company purchased 25,000 bags Cuba centrif igals, for March-April shipment, a 3.00c. cost and freight, basis 96, and Messrs. Arbuckle Brothers entered the market and took all the sugars of fering on this basis, it being cesti mated that the quantity secured was between 125,000 to 175,000 bags, 10 was at first thought that more than this had been secured, but from later developments it would appear that the other sugars had simply been withdrawn and not sold. On account of 5200 bags Porto Rico centrifugals in port, having sold on Saturday at 4 1-4c, basis 96, reducing the spo-quotation to this basis, combined with the fact that Europe was rather easier, yesterday morning's quotation being on the basis of 11s. the current, and 11s, 114d, for nex month, a decline of about 3d, seller became freer in their offerings, and probably 150,000 bags to 200,000 bags were obtainable at last prices, and one lot of 12,000 bags, for promp shipment, could have been purchases on the basis of 2 15-16c. cost and freight for 96 test. In the afternoon there was a rather firmer tone, due to the improvement in prices abroad, an today further strength was developed on receipt of the Cuban figures. Th resulted in the American Sugar Refit ing Company entering the market an purchasing all the sugar obtainable on the basis of 3.00c, cost and freight or 4.36c, duty paid for 96 centrifugals In all they produced about 200,0 bags at this figure, and at the clo we find the market very strong, with sellers withdrawn, and the spot quo-tation on the basis of 4.35c. duty paid for 96 centrifugals, 3.86c. duty paid for 89 Museovadoes, and 3.61c. duty paid for 89 molasses sugars. There is little or nothing to add to what we have already written on the situation.

CUBA .- There is little or nothing to add to what we have already writ ten. As the season progresses, ex-treme shortage in Cuba becomes cer-tain, and advices would ten to show that 950,000 tons was close to a maximum. It was generally thought this morping that receipts would show some little increase over last week's figures, when there was such a decided falling off, but the result was quite the contrary, as receipts were only 40,000 tons, as compared with 45,000 ons last week, 61,000 tons in 1907 and 54,000 tons in 1906, while export and 54,000 tons in 1906, while exports show a corresponding decrease, and the number of ceutrals had fallen off to 141, or 20 less than were grinding a week ago. Stocks in the island total 211,000 tons. At this time last year Cuba was carrying a stock of 271,000 tons, so it will be seen that they should have no difficulty in holding back the balance of their supplies, and obtaining for them the full Euroand obtaining for them the full Euro-scan parity. There is very little sugar being offered for sale, and the

xcitement of planters over the short ge creates a most unusual condition of affairs. Under date of March 14th, our Eu

opean correspondent writes:
"The upward tendency of our mar ket continues, prices have during the veck advanced 2-3d, in little bits, caudously from day to day; the reason or this slow progress must be sought in the hesitation of outsiders and the absence of large speculative cliques, which in former years were pushing and disturbing elements. The Trade feels confident of the inherent good position of the article, and the March statistics seem to develop favorably, but the Cuba news predominates in everybody's mind."

MAYOR CANDIDATES DISCUSSED BY ACHI

Hustace And laukea

"I would like to see the Republican party put up Chas. Hustace Jr., and the Democratic party jut up C. P. laukea as candidates for mayor on their respective tickets," said W. C. Achi. "In that event, I will probably run as mayor on the Labor party ticket. I would like to show to the seople who are trying to suppress me that I am not as easy a man to beat us they think I am. I see that Iankes has said that Chas. Hustace and myself are not fit to be mayor, because we do not possess business ability I have earned my livelihood during the past twenty years independently.
